

PROVINCIA GOVERNMENT SOLUTIONS

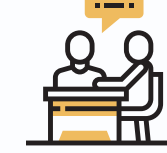

Security & Risk Assessments

Technical Testing

Audit Preparedness

Security Consulting

CAPABILITY STATEMENT

Provincia Government Solutions (PGS) is a Minority Owned Small Business with the Small Business Administration HUBZone Certification. We have been providing independent information security assessment services to government contractors since 2002. With over 30 years of combined government experience, our team makes the difference when navigating complex audit and compliance requirements. Through years of active participation and contribution to the security community, we have built a process to comprehensively identify security issues facing organizations and translating security data into actionable intelligence enabling informed decision making.

Differentiators:

Big company expertise at a fraction of the cost

Stellar References

Proprietary Project Management Approach

15 years of experience working as HHS/CMS assessors

We know healthcare. We work with some of the largest US for-profit health systems
